

## WHAT YOU'RE MAKING!

Today's quick activity craft is a set of Mouse Ears!

## WHAT YOU'LL NEED!

- Black or grey paper/felt
- Pink paper/felt
- Scissors
- Hot glue
- Marker

## STEP 1

Start by tracing 4 circles on your paper/felt to create a basic shape for the ears. Connect these circles with two straight lines, making a pair. Cut out the shapes.

## STEP 2

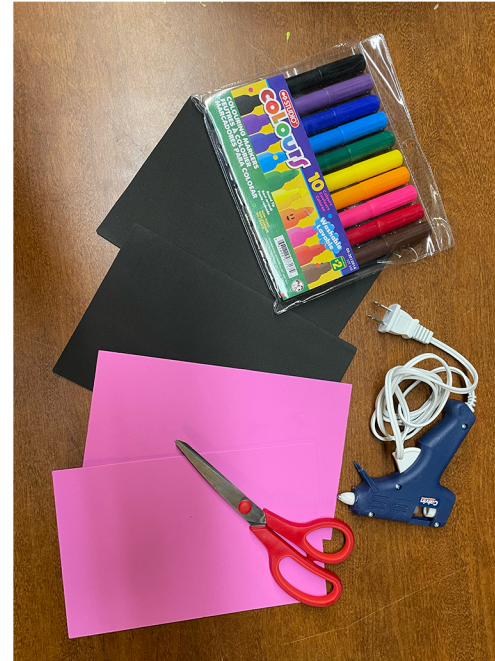

Spread glue on one circle, but not the area that connects the circles. Fold the other circle over on top of the glued circle to create a stack of two circles. Leave the connecting area open; this is where you will slide the headband in to attach the ears to the headband.

## STEP 3

Using the pink paper/felt, cut two circles and glue it on. If you want to add any bows or accessories, this is the step to do it!

## STEP 4

Slide the ears onto the headband and put it on!
