

FLOOR PLAN

Camp Mini-Yo-We

Year-Round Cabin 2

This floor plan is to give group leaders an idea of what our Year-Round Cabin 2 looks like and how it accommodates guests.

Notes:

- Year-Round Cabin 2 has a total of 14 bunk beds (28 beds total)
 - Onaping (Sleeping Area A) = 7 bunk beds (14 beds)
 - Manitou (Sleeping Area B) = 7 bunk beds (14 beds)
- Both Onaping and Manitou have 2 bunk beds separated by a partial wall allowing privacy for leaders staying in the same room as guests.
- The grey line dividing the two bathrooms is a lockable door allowing for the two sleeping areas to be connected or divided.
- Temagami, the common room, is a shared space between sleeping areas that can be used as a meeting space, a recreational space or simply a spot to store boots and coats in the colder season.
